A QUARTERLY NEWSLETTER OF HCS GROUP, PC 2016, ISSUE 3

A Word from Leadership: With FY16 now behind us, our focus is on our recent awards for FY17. We travel to Alaska, Washington State, El Salvador, Guatemala, Peru, Honduras, Colombia and South Africa just for starters. Thanks to our great staff and families for understanding and committing to this process in our business model. I am privileged to be able to say our staff is committed to the mission. We are also thankful for sustained growth in personnel and office foot print this year.

Our Featured Project below is an example of our commitment to working overseas in support of our military programs worldwide. The work at Incirlik AB Hospital was completed as ISIS was approaching the border from Syria. We have friends we made in the process of this work going through some extreme difficulties and our thoughts and prayers are with them during these trying times.

Thanks to all our clients, family and friends for your continued support!

FEATURE PROJECT

**Upgrade Bunkered Hospital Central Energy Plant,
39th MDG, Incirlik Air Base, Turkey**

The 39th Medial Group, located at Incirlik Air Base, is the Air Force's only medical treatment facility in Turkey. This facility is a full service hospital in contingency mode and bunkered. Incirlik AB is just outside Adana, Turkey close to the Syrian border.

HCS Group was tasked by the USAF to oversee and develop the requirements, design, engineering, Title II CM, Commissioning and full inspection services for an electrical and mechanical upgrade project at the underground and bunkered USAF Hospital at Incirlik Air Base in Turkey. The project consisted of Facility Condition Assessments, survey, documentation, evaluation, and analysis of the total medical facility requirements. Special features included the total button up automation process upgrade that allows the hospital to automatically button up in case of a nuclear or biological event and function underground, self-sustaining.

Construction Cost: \$12,000,000

HCS Group's Mission and Goal:
