A QUARTERLY NEWSLETTER OF HCS GROUP, PC 2016, ISSUE 4

A Word from Leadership: With FY16 now behind us, our focus is on our recent awards for FY17. We travel to Washington State, Guatemala, Peru, Honduras, Colombia, and that is in just January. Thanks to our great staff for giving me the honor and privilege to watch new Leadership grow within our ranks. We have a committed Team with families that grow together as the seasons pass.

Our Featured Project below is an example of our commitment to working with our clients during an extreme emergency in support of our military programs, fighting warriors and veterans. The work at Travis AFB Hospital included being called off vacation to implement an immediate strategy for mission critical and life safety systems.

Thanks to all our clients, family, and friends for all you do.
Happy New Year 2017!

Kent

FEATURE PROJECT

**Upgrade Hospital Substation, Emergency Power Supply Switchgear and Mechanical Systems
David Grant Medical Center, Travis AFB, CA**

Travis Air Force Base is under the operational control of the Air Mobility Command and is located in Solano County, California. It is home to the 60th Air Mobility Wing.

Davis Grant Medical Center is the largest Air Force medical facility on the west coast and serves 96,000 active duty and retired veterans.

The Hospital Energy Plant experienced a total blackout and HCS Group was tasked to determine the root cause, develop a solution, and oversee the total design, engineering, Title II CM, Commissioning, and full inspection services for an electrical upgrade project at the Main Central Energy Plant and EES Substations facility wide. The project consisted of Facility Condition Assessments made by our in-house Technical Services personnel, evaluation and analysis of the total Medical Facility power, load, and HVAC requirements. The project design included substation and emergency power system upgrades, AHU, and HVAC systems.

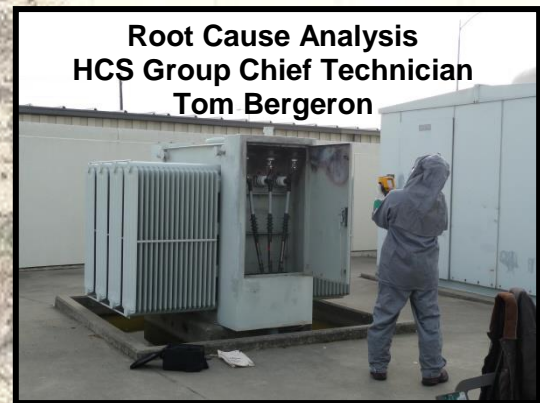

Construction Cost: \$24,000,000

HCS Group's Mission and Goal:

Leadership – “Our Team’s Greatest Asset”

Integrity – “Our Teams Greatest Responsibility”

Service – “Our Team’s Greatest Privilege”

Mission Accomplished

Around the office...

HCS Group sponsored and exhibited at the 2016 SAME Southeastern Tri-Regional JETS Conference from October 11th through October 13th in Charleston, South Carolina. We were treated to a great time at the Charleston Aquarium for networking.

We also exhibited and sponsored at the 2016 SAME Small Business Conference from November 16th through November 18th in Atlanta, Georgia.

We saw old friends and made new ones. Thank you to SAME for putting these great conferences together and your continued support to Small Business.

News

Another year has ended and things are busy at HCS Group. We continue to increase our global footprint, but our staff remains a close-knit family. As always, December gives us the opportunity to help those less fortunate. We adopted another family from the Sunshine Center, a refuge for victims of domestic abuse, and enjoyed wrapping their gifts.

With our project related travel during the year, it is sometimes hard to get all of us in the same room, let alone the same country, but we managed to have all of us together for lunch to celebrate Christmas and share in our many blessings.
