

Capabilities Statement

The Patriot Design joint venture was created in order to build upon the excellent experience and reputation that the individual member firms have been able to achieve throughout their corporate careers.

Patriot Design LLC, a Joint Venture between Fort Hill Infrastructure Services, LLC (Fort Hill) and the HCS Group (HCS), brings together the qualifications and experience of two premier multi-discipline architectural engineering (A/E) small business firms to maximize performance efficiencies for their customers.

Our team's unique ability to be able to respond to design needs both domestic and abroad is what sets us apart from our competition. Our team principal founders are able to respond in quick fashion and bring our individual expertise's to benefit the task at hand. Within this J/V we bring the following specialization:

Fort Hill (SDVOSB) specializes in architecture, civil and transportation engineering, transportation planning, land use planning and real estate advisory services, environmental permitting and documentation, stakeholder involvement, and project controls, along with AT/FP measures for federal, state and local government as well as private sector clients.

HCS Group (Small Business) specializes in electrical/energy systems and technical solutions for infrastructure, renovations and additions, as well as for the design of new vertical and horizontal construction projects, for military, public and private clients.

Patriot Design LLC is a certified **Service Disabled Veteran Owned Small Business (SDVOSB)**
NAICS Codes: 236220, 237990, 531390, 541310, 541320, 541330, 541350, 541611, 541690

Patriot Design LLC provides sustainable engineering and architectural design capabilities and experience for a wide variety of federal facilities including the Department of Veterans Affairs, United States Air Force, United States Army Corp of Engineers, and the State Department, providing military housing, training facilities, medical facilities, infrastructure design, headquarters and administrative facilities. In addition, Patriot provides expertise in antiterrorism/force protection (AT/FP) consulting services.

Both firm members in the JV have experience working together and have established a common set of operational procedures, including QC, regulatory and resource management that are utilized to streamline project execution.
