A QUARTERLY NEWSLETTER OF HCS GROUP, PC 2019, ISSUE 3

A Word from Leadership:

With the end of 2019, HCS Group celebrates with new growth beginning the new 2020 decade.

Our expertise with Microgrid engineering and technology has allowed our team to design distributed energy resources in support of numerous grid platforms to create resilient power availability for mission critical operations and provide remote off-grid locations with much needed power. We were designing microgrids before the term was coined, providing power in remote locations as needed for the mission requirements.

HCS Group continues to grow as we operate throughout the US, Africa, the Mediterranean, Central/South America, and including Iceland this coming year.

As always, the HCS Team executes our Mission Statement to finish strong and look forward to the next decade!

Kent

FEATURE PROJECT

Distributed Energy Resources (DER)
Worldwide Microgrid Projects

The Feature Project this Quarter is a combination of numerous designs performed by the HCS Group Team over the years providing resilient microgrid power supply systems.

The HCS Group microgrid design solutions includes grid stabilization, reliable and resilient power supply that enables high penetration of renewable power resources with microgrid controllers, SCADA, batteries etc.

- Soto Cano AB, Honduras: 10 MW Diesel + 2.1 MW Solar + 1 MWH Bat
- Anniston Army Depot, AL: 7.5 MW Nat Gas + 3.7 MW Solar
- Kasulu, Tanzania – 2.5 MW Diesel + 4 MW Solar + 3 MWH Bat
- Mpanda Tanzania: 2.6 MW Diesel + 5 MW Solar + 4 MWH Batt
- Mubi Congo – 2 MW Solar + 2 MWH Bat
- Five Southern Company Solar Centers:
335 MW Total in Alabama & Georgia

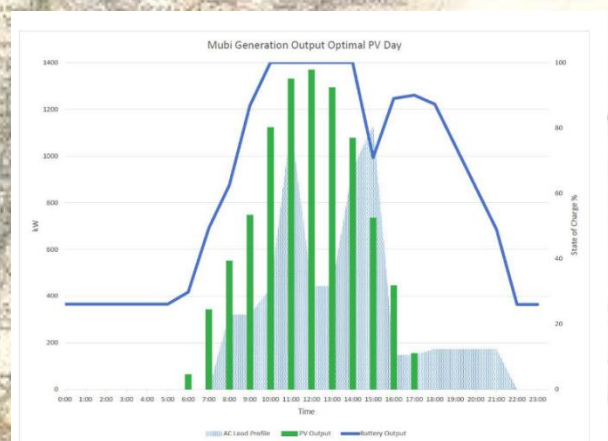

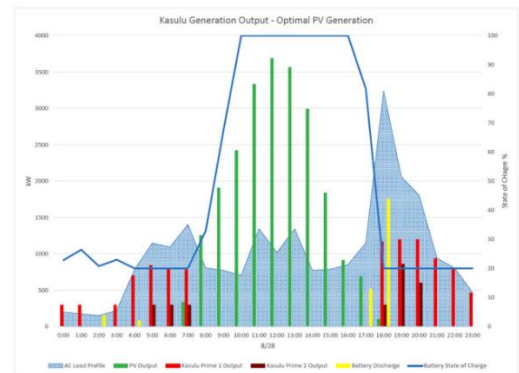

HCS Group's Mission Statement and Goal:

Leadership – “Our Team’s Greatest Asset”

Integrity – “Our Teams Greatest Responsibility”

Service - “Our Team’s Greatest Privilege”

A QUARTERLY NEWSLETTER OF HCS GROUP, PC 2019, ISSUE 3

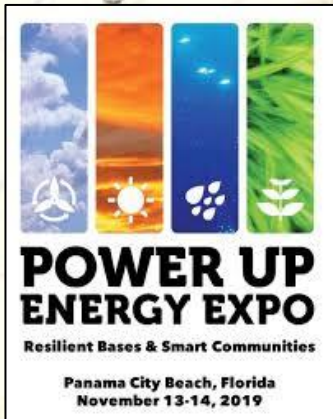

Around the office...

HCS Group sponsored and exhibited at the 2019 SAME Small Business Conference in Dallas, Texas. It was a chance to network with over 4,000 attendees, and a great opportunity to meet new teaming partners.

For the first time, HCS Group attended and exhibited at the Power Up Energy Expo in Panama City Beach, Florida. This year's focus was rebuilding Tyndall Air Force Base.

HCS Group is working on numerous projects at Tyndall presently.

A part of the HCS Group's Christmas tradition is to help those less fortunate. Every year we donate gifts to the Family Sunshine Center in Montgomery. Their mission is to end family violence, sexual assault, and human trafficking.

From our home to yours, have a peaceful, happy and safe New Year!

News

This year, HCS Group was honored to be named as the 2019 Outstanding Sustaining Member of the Year in a Small Business Category by the Society for American Military Engineers (SAME) Mobile Post.

SAME is a very worthwhile organization that HCS Group has supported throughout our time in business. We support by sponsoring, exhibiting, and attending SAME events on local, regional, and national levels. HCS Group will have volunteers working at the Regional JETS SAME conference in Point Clear, AL. in OCT 2020. Please plan to attend and come visit our booth!

HCS Group's Mission Statement and Goal:

- Leadership** – “Our Team’s Greatest Asset”
- Integrity** – “Our Team’s Greatest Responsibility”
- Service** - “Our Team’s Greatest Privilege”
