A Word from Leadership:

Our Small Business team of professionals are off to a great start this year with travel to and work in Zambia, Honduras, Ecuador, Colombia, Belize, Guyana, Guatemala, Costa Rica, and Panama. And that is just OCONUS!

We have also traveled to and working at Langley AFB, Homestead ARB, Columbus AFB, Anniston Army Depot, Wright-Patterson AFB, Travis AFB, Keesler AFB, Maxwell AFB and the Maxwell-Gunter Annex.

We have also been to Tyndall AFB this year and are beginning the long process of recovery design from the damage left by Hurricane Michael.

I am proud to have a dedicated staff to execute our heavy workload both home and abroad.

FEATURE PROJECT

Keesler, Wright-Patterson, and Travis Air Force Bases - Hospital Power System Analysis

HCS Group was tasked to conduct a comprehensive electrical Facility Condition Assessments and infrastructure/power distribution system assessment for three major USAF hospitals simultaneously. Included in the assessment were a complete power system analysis, a fault-current analysis, a coordination study, and an arc-flash analysis including stickers. As-built riser diagrams and floor plans were also prepared to assist in finding, repairing and testing the existing electrical system components.

Wright-Patterson Medical Center: 875,072 SF

Keesler Medical Center: 735,130 SF

David Grant Medical Center Travis AFB: 744,350 SF

HCS Group's Mission and Goal:

Leadership - "Our Team's Greatest Asset"

Integrity - "Our Teams Greatest Responsibility"

Service - "Our Team's Greatest Privilege"

Around the office...

HCS Group had a presence at the SAME Tri-Regional JETS held in Savannah, Georgia in June. We were a sponsor and an exhibitor. It was great to see familiar faces and participate in this great organization.

The SAME Small Business Conference will be held in Dallas, Texas in November. We will also be exhibiting and sponsoring this event. We will be in Booth 732. If you are attending, please take a minute to stop by and see us.

News

The Montgomery Area Chamber of Commerce honors those making a significant impact in the region and this year, HCS Group was selected as a finalist to receive a Montgomery Impact Maker Award in the Small Business category. Even though we are a Small Business, we are making a worldwide impact, from building clinics and schools in Central and South America – to bringing power to small villages in Africa – to supporting our troops worldwide and at home.

We are very proud to have been named a finalist, and know it is because of the great support of our clients and Project Team members worldwide. HCS Group is proud to bring our global workload back home to the Montgomery River Region area in Alabama.

HCS Group's Mission and Goal:

Leadership – “Our Team’s Greatest Asset”

Integrity – “Our Teams Greatest Responsibility”

Service - “Our Team’s Greatest Privilege”
